| Please give us your comment | Byfleet doesnt support an infrastructure to meet the current needs of residents let alone further development. Byfleet is at serious risk of flooding and no major provision has been addressed with this yet. Byfleet is already at peak times gridlocked as all roads in and out ajoin the main carriageway of the Parvis Road (A245). A road which already supports the thriving industrial estate at Brooklands and is a key road of diversion should there be issues with the M25. More traffic and vehicular access would make this more unsustainable. The Green Belt in Byfleet must be retained and preserved firstly as there are other large expansive areas to consider and whilst removing the green belt and its natural habitat from the Byfleet area it leaves 98% of Wokings Green Belt intact. We are also in danger of just expanding a metropolis into a sprawling area adjoining the Weybridge sprawl and thus loosing our unique individuality. |

Byfleet submitted a large petition and overturned previous applications to Murray Lane , in my opinion these feelings thoughts and genuine concerns are being completely overlooked and ignored.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

We are also at major capacity in our schools, Murrays Lane is a bottleneck situation on what is a narrow residential 2 bus route road. We have embraced the development of the schout hut and the extra traffic that will support but the need to seriously look at over development of an area without sustainable amenity ie the lack of schools, health service provision, addressing of the flood situation,local childrens amenity,access roads in and out of the VILLAGE onto the main carriageway, access for the buses on our two precious routes with extra parking and volume of traffic this would be affected.
