To: Steve Anstiss [REDACTED]

Hello Steve,

We are Currently away so unable to access pdf forms so I will complete the boxes of the form, in effect in the mail below.

We are against the proposal not only broadly on the conversion of Green Belt anywhere but more specifically on the proposal that you have put forward for the site known as Silverly.

This is consistent with our views on this plot over many years now and development of it would be of no benefit to Pyle Hill whatsoever and would be, in our view, the beginning of the end of our community as we know it today.

Pam and Jon Prentice

Mead House,
