Re: Planning for 400+ New Homes
Head of Planning

Jeni Jackson

I would like to object strongly to the proposal of the building of 400+ new homes in the Pyrford area of Green Belt

Pyrford village is already congested with traffic and parking, another 400+ homes will make it a very unpleasant place to live, I have lived in the area, in different homes for 53 years and it has changed a lot already, not for the better. How sad it is that people want to do this to a village. It is beyond my understanding that this will be allowed. I realise that it will be said that it is progress and they

have to build somewhere, yes I know that, but why at the expense of people who already live here.

Traffic speeds along Cold Harbour Road now, what will it be like when another 100+ cars live here and where will it stop.

The Greenery of the local area is lovely and the fields where the proposed houses are to be built, are a picture of natural beauty, when the poppies are out, why spoil a good thing.

I know people have to have somewhere to live, but we are fast becoming a built up area in Pyrford.

That can only make things worse.

I hope I am not around to see the devastation of the Area, such a shame. Please consider very carefully the whole idea of the Planning of these houses.

Yours faithfully

Winevine Roberts
