Regarding : Woking 2027 DPD Consultation

Ref. Land adjacent to Egley Road, GB8 (WGB020a Parcel 20)

Green Belt should be kept for what it is meant for. To protect our countryside and all wild life that helps to keep the correct balance for the future generations of children.

Areas of concern

- Increased Volume of Traffic would affect the environment
 - Pollution
 - Wildlife protection
 - Loss of Green Fields and Escarpment Feature
 - Flooding
 - Woking and Mayford should not be merged
 - Archaeology (suggested field nearest to Hillside has possible value)
 - Increased Noise - *noise level survey is necessary.*
 - Increased Crime
 - Loss of Arable and Amenity land
 - Explore other possible Brownfield sites (Directive from Government)
 - NO to removing land from Green Belt**
'Amenity lighting' produces light pollution - what mitigation is proposed.
- I Authorise this objection for public notice
