

Byfleet's green belt release

To whom it may concern

I am writing to you to express my views about Woking Council's Site Allocations DPD and the release of Byfleet's last remaining bits of green belt land.

I completely object to this taking place and give the following reasons:

- *Byfleet was already cut up when they built the M25 and has hardly any green space available now. I do not want to live in a village with no green spaces.*
- *Most of Byfleet floods and building more housing will just make this worse.*
- *We do not have enough local amenities for more housing, the doctors and schools are already over-stretched..!!*
- *Woking borough council have other areas in the borough that have less housing and more green space - these areas should be considered first before making it unbearable for our little village.*
- *Parvis Road cannot take any more traffic, Byfleet is already gridlock most of the week with Fridays being the worst day. Building more housing and a school will make this worse and the roads around the area cannot take any more traffic.*

Kind Regards

Krista Rooney

Byfleet Resident
