Subject: Upshot Lane, Pyrford

Dear Ms Jackson,

My name is David Rousham, and I reside at Jasmine Cottage on Church Hill (GU22 8XJ) Pyrford. This is one field away from the proposed developments on Upshot Lane. Currently we are blighted by excessive traffic travelling too through this area, using it as an alternative diversion away from the congestion of the M25. Church Hill is a narrow road with dangerous corners, the last thing that is needed is more congestion caused by additional nearby dwelling.

I'm also on two committees in Pyrford Village - the Scout Group, and the Cricket Club. Both these organisations are over subscribed with inadequate facilities, additional strains would be created that we find it hard to manage today.

I would not be averse to new dwellings if they were more limited in number, and were clearly associated with additional community and recreational facilities.

I look forward to seeing how we progress with this development, taking into account these thoughts.

Regards

David Rousham
