To: Planning Policy

To whom it may concern

I wish to inform you of my disbelieve regarding planning in our wonderful villages , Byfleet , West Byfleet and Pырford.

I only need to state a few words. Do not take our green belt and destroy our English land to which we need to save for many future generations . Once you have taken it , it will never return to green belt.

All the villagers including myself of these areas will fight to stop this and I can assure you we will fight all the way

Regards

Mrs V Seymour
