**Subject:** Protest - proposals to builds on fields in Pyrfors

Dear Jeni

I just wanted to write to register my disgust at the proposals to use 2 fields from the green belt to build over 400 new houses in Pyrford. The local country side and views over the North Downs are priceless, and are one of the main reasons I chose to live in the area. The family regular go for walks in these fields and the surrounding area, and I go for bike rides through the area most weekends. While I recognise the need for new housing, I think the area that the council have chosen is completely inappropriate. Areas of outstanding natural beauty such as this area should not be built upon, and once built upon it will be lost forever. The council should look to alternative sites for development away from the green belt, I can think of many.

I generally think that Woking Borough Council do an excellent job, but in this proposal I believe that you got it very wrong, and should cancel your plans to build in this area. I have included my contact details below. Could you please if possible keep me updated with any developments, and in the meantime please feel free to contact me.

Antony Shaw
