Dear Sirs,

I am the Senior Solicitor for the Royal Pharmaceutical Society of Great Britain. I am also a Byfleet resident.

I am in adamant objection to the proposed development on greenbelt land in Byfleet.

I am currently following this matter to see which way the Council rules on this matter. If the greenbelt development go ahead, I have a firm of solicitors retained to advise and exercise any legal rights the residents have at their disposal.

With the recent statements from the government on the protection of greenbelt land, I am hoping Woking Council do the right thing and not allow this development to go ahead.

Yours faithfully,

Kimberly Shields
