Dear sirs,

I have been a resident in Mayford for the past 29 years and write to object to the plan/2015/0703 .I strongly object to the development of the land between Mayford and Woking and feel that a school would be appropriate development but the addition of Leisure centre and running track is over development of this land , when you consider how close this is to the current Leisure centre in Woking Park. My concerns are based on the extra traffic that would be generated and the infrastructure currently struggling to cope with the current demands on it. I am also concerned with the extra noise that such a development would create.

Yours sincerely,

John and Shirley Sparling

41 Prey Heath Close, Mayford, Woking.
