27.7.15

Dear Sir/Madam

I am writing with reference to
planned new developments in and around
Mayford (487, 488, 489, 4810 and 4811).

I object to the planned extensive
destruction of Green Belt. What precisely
is Green Belt supposed to do?

The proposed new developments are
very significant and look like they
will swamp little Mayford. The local
council are unable to maintain the
road infrastructure today (look

outside Mayford Post office) and I am concerned about traffic congestion in the future.

Finally I am concerned that these proposed new developments would bring the mega-combination of Guildford-Woking a step closer. There is land available to the east of Old Woking and to the north of Horrell which could also be utilised.

The scale of these proposed new developments will radically and forever change Mayford and possibly Woking too. Please think again.

Yours faithfully

DAVID STEDMAN.
