Your views on the Site Allocations document

This section is for providing comments regarding the Draft Site Allocations DPD. Please provide as much detail as possible, for example the page or paragraph numbers to which your comment relates and explain any changes you consider should be made to the document.

This section can also be used to suggest a new potential development site to the Council (please state the full site address and contact details for the landowner(s) in your comments).

Site allocations	Site GB17 Byfleet SANG

Please give us your comment	Byfleet is already over crowded, there is very little or no green belt left in this area. Woking by contrast has far more green belt, whilst I disagree strongly with any green belt removal, if WBC feel they need more housing then build it in woking NOT in Byfleet.
Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)	None

Sustainability Appraisal Report

Sustainability Appraisal has been undertaken to consider the likely significant effects that the draft Site Allocations development plan document (DPD) might have on the Borough in environmental, economic and social terms.

Objecting
I don't believe the appraisal has been undertaken in an impartial manner and consideration taken for the catastrophic impact on the village, roads and infrastructure.
Do NOT release any green belt in Byfleet, do NOT build any more housing in Byfleet.

Proposed modifications - please explain what changes you consider should be made, if any

Habitat Regulations Assessment (HRA)

A Habitat Regulations Assessment (HRA) was undertaken to consider the likely significant effects that the draft Site Allocations development plan document (DPD) might have on European designated habitats

Please give us your comments

I don't believe impartial consideration was taken on this matter, and WBC are just pushing their problems out to the neighbouring areas.

Proposed modifications - please explain what changes you consider should be made, if any

NO more green belt releas no more house building.

General comment or suggest a new site

This section is for general comment not covered by the previous pages.

Any other comments

- 1) The Green belt must be preserved - there is other land available.
- 2) The Parvis road (A245) will become unusable - and Byfleet will become gridlocked.
- 3) The current infrastructure provision (ie for education, health, drains, roads etc) is already inadequate and must be rectified.
- 4) Much of Byfleet and the proposed area has already been flooded or is in danger of flooding.
- 5) This removes most of the local Green belt, while 98% of Wokings Green belt is preserved.
- 6) The Byfleet petition with some 2500 names has been ignored.
- 7) We definately don't want any traveller sites, this would turn byfleet into a waste land.
