**E-MAIL LETTER FROM CHRISTOPHER & CAROLINE SYMINGTON  
DATED 31 JULY 2015 TO:-**

Jeni Jackson,  
Head of Planning  
Woking Borough Council, Civic Offices,  
Gloucester Square,  
Woking, GU21 6YL

Dear Jeni Jackson,

We are writing to lodge an objection to the proposals for the release of local green belt land, in particular in Pyrford, because:-

1. The proposals do not comply with the Government' stated purposes of green belt land.
2. We do not think that a viable infrastructure can be put in place to cope with such a dramatic rise in the population which would arise from these proposals.
3. The proposals would wreck much of the heritage of this tranquil English village.

We understand that more houses will have to built somewhere to cope with demand but for the above reasons we think that further work should be carried out to find alternative locations which will not cause the chaos that these proposals will bring about at Pyrford.

Thank you for your consideration of our objectives,

Yours truly,

Christopher & Caroline Symington
