I understand the need for additional housing but the Green Belt MUST be preserved. If you start chipping away at this then there is no ostopping the use of all green belt sites. Further to this the additional housing will put extra strain on all resources in the area.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

II understand the need for additional housing but the Green Belt MUST be preserved. If you start chipping away at this then there is no ostopping the use of all green belt sites. Further to this the additional housing

will put extra strain on all resources in the area.
The added traffic will cause major disruption to an already busy area.
The Byfleet petition with over 2000 names has been totally ignored during this process
There are no flood relief measures in place or will be put in place as at present most of Byfleet has been flooded and this proposal will only exacerbate the issue
