

Mrs J.B. Vache

Nuala

Madeira Road

West Byfleet

KT14 6DF

I wish to oppose the development plans proposed for West Byfleet and Pyrford which will have a huge impact on West Byfleet.

The volume of traffic levels will prevent emergency services access and our pollution will far exceed the acceptable levels allowed under European Union guidelines.

The area of Station Approach is already impossible to negotiate for pedestrians and buses with the entrance to Waitrose already congested.

It would appear that little thought has been given to the impact on health services, schools and infrastructures with this mass overdevelopment.
