How the Site Allocations are structured
Objecting
The Woking Councils site allocations DPD is terrible. How can so much of Byfleet's green belt be removed, while leaving so much of Woking's intact? 1400 additional homes in Byfleet? Ridiculous!
Also, have you actually seen the traffic currently on the A245 Parvis Road between 15.00 & 18.00, or indeed between 07.00 & 09.30? It is very very slow, & adding further traffic by additional housing is madness.
Finally, it must surely have not escaped the council's attention that Byfleet floods. So how is putting additional housing in the area going to improve this?
Do not put housing in Byfleet. If it must occur, a more equal share across the borough would be appropriate.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)

Any other comments

I am not a 'NIMBY' but this this unequal allocation appeared extremely unfair, & does not take into account the local area in terms of traffic & the possibility of flooding.
