| Please give us your comment | I will be sending a separate email in relation to the proposed site allocations around the Byfleet area. This note relates purely to site GB4. We moved into our property 6 years ago. The main reason for purchasing the house was for the dual aspect. Two sides of our house border site GB4. In fact, we are the ONLY property that will be adversely affected in this way. Not only are we faced with years of noise, pollution, dust and disruption, but the end result will be 85 houses, literally on our doorstep. Our house is just 1.5m from the border of site GB4. It is unthinkable that the view we enjoy will be replaced by other houses. No consideration seems to have been given to those directly affected. I'm bewildered that no-one has sought to canvass our direct opinion or visited our property to |

appreciate the likely impact. Aside from the obvious and unnecessary destruction of the landscape, the local infrastructure is unable to cope today, let alone when hundreds of new homes are built.

A serious rethink is required. This MUST include a review of all available brown field sites in the borough. To date, this hasn't been done effectively.

I will be exploring every possible angle to ensure that this proposed development is stopped.

Proposed modifications - Please explain what changes you consider should be made (for example, to the text, to the site boundary)
