Dear Sir/Madame,

In response to your planning consultation for "Site Allocations DPD" I am writing to express my total objection to ALL development on green belt land for the following reasons:

- There are plenty of brown field sites that could be re-developed,
- The green land is precious and MUST be preserved for future generations,
- We have enough urban sprawl as it is.

I am also fed up to the back teeth of being endlessly told the lie by the traitorous political establishment of this country that we have a "chronic housing crisis and need to build millions of new houses across the land" NO IT IS NOT A "HOUSING CRISIS" it IS an immigration crisis, again brought about by the same traitorous political establishment with their utterly disastrous mass immigration and open borders. The real issues urgently need to be dealt with, building more and more houses on OUR precious green land is just running away from the truth.

I also object to the proposal to build dwellings on the site of the Byfleet Library, this backs right on to the back of my property, which is totally un-acceptable.

Your Sincerely,

Mr Jonathan Windsor
