500098.5, 157161.5

Dear Woking Borough Council, I am emailing to ask for further information about the planned development near Willow Way in Barnsbury. We own 35 Willow Way on the edge of the planned area. We are concerned about the type of development planned and whether it could cause disruption, overcrowding of the area and roads, block light into our property and garden or potentially cause our property to lose value.

Please could you send us more information about the type of development that is planned for the area.
